

Directory Builder... Managed Cares' best choice for Provider Directories, Pharmacy Directories, Formularies and OTC Catalogs...it's simple:

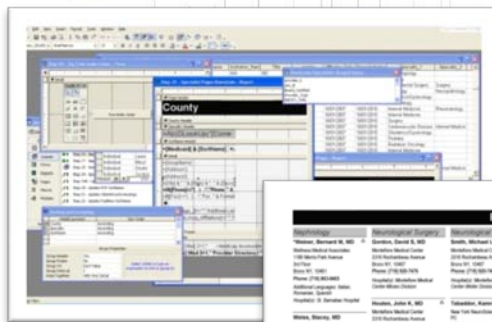

With Directory Builder... we can create directories directly from your data files. This means no more typesetting and layout headaches - from now on its "on demand" processing for the needs of today's rush oriented approach. We can incorporate all of the information and graphics that your directory requires including images, tabbing and indexing to meet your specific needs. Find out why Directory Builder is the fastest growing process in Managed Care Printing.
